GENERAL RENTAL TERMS AND CONDITIONS

The rental of spaces and tangible assets owned by our company (or in any case materially and legally available to Rec Distrikt SRL) is governed by these General Rental Terms and Conditions, which must be fully accepted, without any reservation, at the time of confirmation of the quotation by email, or by signing the quotation prior to the scheduled date for collection of the equipment, even where collection is carried out by third parties, or in the case of use of the premises.

Art. 1 - The equipment and instruments rented are in perfect working condition, tested and ready for their intended use, and must be returned in the same condition at the end of the rental period.

By signing these General Terms and Conditions and the delivery note (DDT), the Contractor expressly acknowledges the perfect state of use, maintenance and operation of the equipment and instruments, as well as their completeness with all accessories necessary for operation.

The equipment and instruments shall be delivered to the Contractor at the premises of Rec Distrikt SRL or at the delivery address agreed in writing.

Should the equipment be collected by a person other than the Contractor or an employee of the Contractor, this must be communicated in writing at the time of the rental request, and the delegate must be provided with written authorization, including the power to sign the delivery note, with the Contractor assuming full responsibility in this regard.

Art. 2 - The equipment rented by Rec Distrikt SRL is prepared in accordance with applicable regulations. The Client, who will carry out installation and connections, also through third parties, must strictly comply with all safety regulations, assuming full criminal, civil and fiscal liability, and expressly indemnifying and holding harmless Rec Distrikt SRL from any damage caused to third parties or to the Contractor itself arising from the use of the rented equipment and instruments.

Art. 3 - The Client is required to communicate any changes. Rentals cancelled within 24 hours prior to the scheduled collection date shall still be invoiced, and the Contractor shall be required to pay the full agreed rental price.

In the case of a Monday collection, Friday shall always be considered the last available day for cancellation.

Art. 4 - The price list may be subject to change without prior notice. Rec Distrikt SRL shall apply in its invoices the prices indicated in the price list in force on the day of collection.

Art. 5 - The rented equipment may also be used abroad, in which case the lessee undertakes to request written authorization from Rec Distrikt SRL and the preparation of the relevant documentation.

Art. 6 - The rental ends on the date indicated in the confirmation, at which time the equipment and instruments must be returned in perfect condition to the premises of Rec Distrikt SRL.

Return must take place strictly by 8:00 p.m. on the last rental day or by 10:00 a.m. on the day following the last rental day. Any different agreement must be made in writing.

Following return, Rec Distrikt SRL shall inspect the equipment and reserves the right to raise observations and objections within five (5) days from the actual return.

In approval, pursuant to and for the purposes of Articles 1341 et seq. of the Italian Civil Code, the Contractor expressly declares acceptance of the following clauses (Art. 1, Art. 2, Art. 3, Art. 4, Art. 6, Art. 8, Art. 9, Art. 10 and Art. 11), also initialing each page to confirm review and specific approval of each clause and condition.

Rec Distrikt SRL The Contractor

In the event of failure to return the equipment within the agreed term, the Contractor shall be required to pay the rental fee also for the day scheduled for return and, in any case, until actual return, with the consequence that any delay in returning the equipment shall be considered an extension of the rental period, without prejudice to compensation for any greater damage suffered.

Art. 7 - Unless otherwise agreed, the rental period is calculated in days, based on the arithmetic difference between the return date and the collection date. The equipment may be collected on the afternoon of the previous day, from 4:00 p.m.

The minimum rental period is one (1) day.

Art. 8 - In the event of missing, damaged, spoiled or improperly used equipment (including, by way of example only, blown lamps or laundry costs for fabrics), such items shall be charged to the Client at market price.

Partial returns of components belonging to the same piece of equipment are not accepted.

Rental days shall be calculated until the full and complete return of all rented equipment and instruments.

Art. 9 - The Contractor acknowledges that the equipment and instruments rented from Rec Distrikt SRL are not insured against theft or damage of any kind.

Therefore, the Contractor shall be directly and fully responsible in the event of theft, fire or loss of the equipment, having assumed custody of the assets at the time of collection, including in cases of collection via courier and/or delegate.

In all cases, the Contractor must inform Rec Distrikt SRL of any damage and/or event concerning the rented equipment.

Art. 10 - Rec Distrikt SRL shall not be held liable for any damage suffered by the Contractor or third parties arising from or connected with the use of the rented equipment and instruments, including, without limitation, direct damages or loss of profits due to malfunction or failure of the equipment, whose condition was in any case compliant at the time of delivery.

Any objections regarding the condition of the equipment must be raised at the time of collection, failing which any claim shall be forfeited.

Art. 11 - Any dispute relating to the interpretation and/or execution of this contract shall be subject to the exclusive jurisdiction of the Court of Milan, to the exclusion of any other court.

ARRI ALEXA 35

ITEM DESCRIPTION

IN THE BOX

- 1x Camera body (with full license)
- 1x LPL mount
- 1x LPL-PL adapter
- 1x MVF-2 Viewfinder
- 2x Viewfinder cables 0.5m
- 3x Codex compact drives - 2Tb/ea
- 1x Reader (with AC power supply + USBC cable)
- 1x B-Mount battery adapter
- 4x Blueshape B-Mount batteries + charger
- 1x PDM-1 Power distribution module
- 1x 24V power supply incl. IEC power cable
- 2x 19mm titanium rods
- 1x Arri camera cage (CSB-1L/1R, LMS-4, TEB-1, VMB-1)
- 1x BUD-1 Dovetail
- 1x BPA-6 Shoulder pad
- 1x Dovetail plate 12"
- 2x USB stick
- 2x Antennas

PRICE € 1149

NOTES
